RUSSIN Product Highlights

FACTORY FINISHING

Customization with unmatched consistency! Whether a primer over siding, a coat of oil for a decking project, or a custom topcoat over pine, cedar or exotic wood, we do it all...for less than the cost of field coating, and with more uniformity.

Russin Factory Finishing

CUSTOM MILLING

Our custom milling operation is here to make specific needs a reality. Get a call for a pattern you don't carry? Need to match a historical project? Just have a customer who wants something unique to them? Our mill shop can do it all, and for less than you'd think.

Thermory Benchmark Ash Porch Flooring

THERMORY

In 1997 Thermory pioneered a brand-new category of long-lasting, low maintenance wood products – today Thermory is the global leader in thermal modification, with a broad product line of decking, siding and porch flooring products. Thermory is next-level wood – ask us why!

MBRICO

Mbrico is simply spectacular – this is a decking product like nothing else on the market. Gorgeous, maintenance-free porcelain that's guaranteed never to move or to crack – Mbrico is not for everyone, but only for those who want the very best.
