### DOOR MAINTENANCE

1. Before using the sauna, we recommend treating the wooden surfaces of the door with a treatment product meant for protecting wooden surfaces in a sauna.
2. Regularly check the condition of the hinges and magnetic lock fastenings. If necessary, tighten the hinge bolts or adjust the lock.
3. Avoid water constantly running on the door frame and excessive moisture.
4. Clean the door glass regularly using a glass cleaner. Avoid abrasive cleaning products that could damage the glass surface.

### ADDITIONAL INFO:

**o** All Thermory doors come right-handed as standard, but can be altered during installation.
