BLACK LABEL
THE WORLD'S BEST WOOD

SAVING THE FOREST, ONE TREE AT A TIME

**WATCH
THE VIDEO**

With a certified harvesting method that puts nature and people first, our hardwoods are the world's most sustainable building products for decking, cladding, and more.

HERE'S WHY:

- Forest engineers hand pick each tree, taking into account its age and size and the wellbeing of the forest.
- Only mature trees that can no longer store Carbon are picked.
- By picking the tallest trees, we open space on the canopy of leaves, bringing sunlight into the forest and allowing new, stronger trees to grow.
- 100% of our products are certified by either FSC® or Unifloresta.
- On top of that, we have our own Due Care Compliance Program, which requires a third-party chain of custody audit from the forest floor to your door.

**WE ARE
BLACK LABEL™
FOR A REASON**

When it comes to lumber, there's nothing like tropical hardwood. And when it comes to tropical hardwood, there's nothing quite like **Black Label™** — a handpicked selection of some of the finest lumber nature has to offer.

To earn the name, each board must meet **our highest quality standards**. That means when you buy **Black Label™**, you're always opting for premium architectural-grade lumber. In other words, you're opting for the world's best decking and cladding products.

Dream big. We've got you covered.

Black Label™ boards are available in all standard widths and lengths and in a broad range of colors. It's the uniqueness of each board that makes them so special.

Custom sizes can be made upon request. So go ahead and plan the project of your dreams. We'll make it happen.

VERSATILITY IS IN OUR DNA

We have the right product for every project.

DECKING

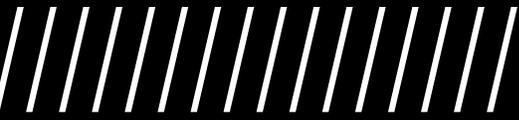

Black Label™ provides an exceptional return on your investment with majestic decks made of naturally durable hardwoods that can last more than 70 years.

CLADDING & SOFFIT

Black Label™ brings rain screen, cladding, and soffit systems that provide a breathtaking experience for any type of space that will last centuries.

DECK TILES

Conventional, rooftop, or ground level, the **Black Label™** Deck Tile & Pedestal System is a low-cost solution for any deck. Ideal for areas lacking adequate ventilation, our easy-to-install deck tiles provide a breath of fresh air and a unique look for any space.

ARCHITECTURAL MILLWORK

We offer a full range of milling and pre-finish services, including planning, custom molding, and CNC for any architectural applications. If you can dream it, we can craft it.

HEAVY TIMBERS

Black Label™ products keep first-class timbers and heavy section decking stocked for marine, industrial, and commercial applications like boardwalks, piers, bridges, fenders, sheet piling, RR ties, crane mats, guardrails, arbors, sunscreens, and any other applications that require large sections and long lengths.

CRAFTING EXCELLENCE

The **Black Label™** kiln-drying process uses an optimal temperature control system that carefully brings out the best characteristics of any wood without causing unwanted drying defects.

FINEST SELECTION

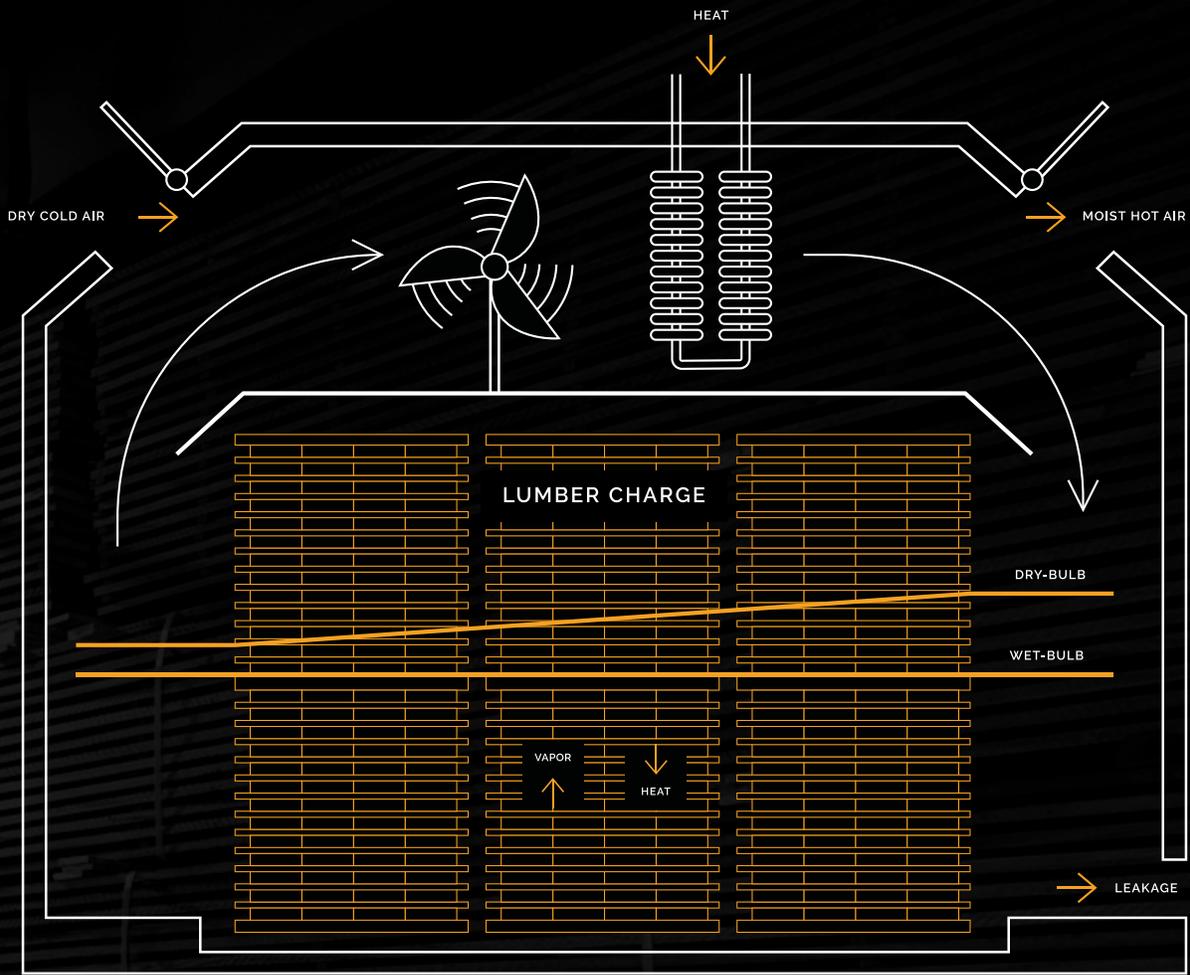

Only the best varieties of hardwood around the planet become part of this elite collection.

ALWAYS SUSTAINABLE

Protecting our environment and promoting sustainability are our top priorities.

EVERLASTING PERFORMANCE

Black Label™ blends beauty and natural durability, providing a return on your investment.

TM

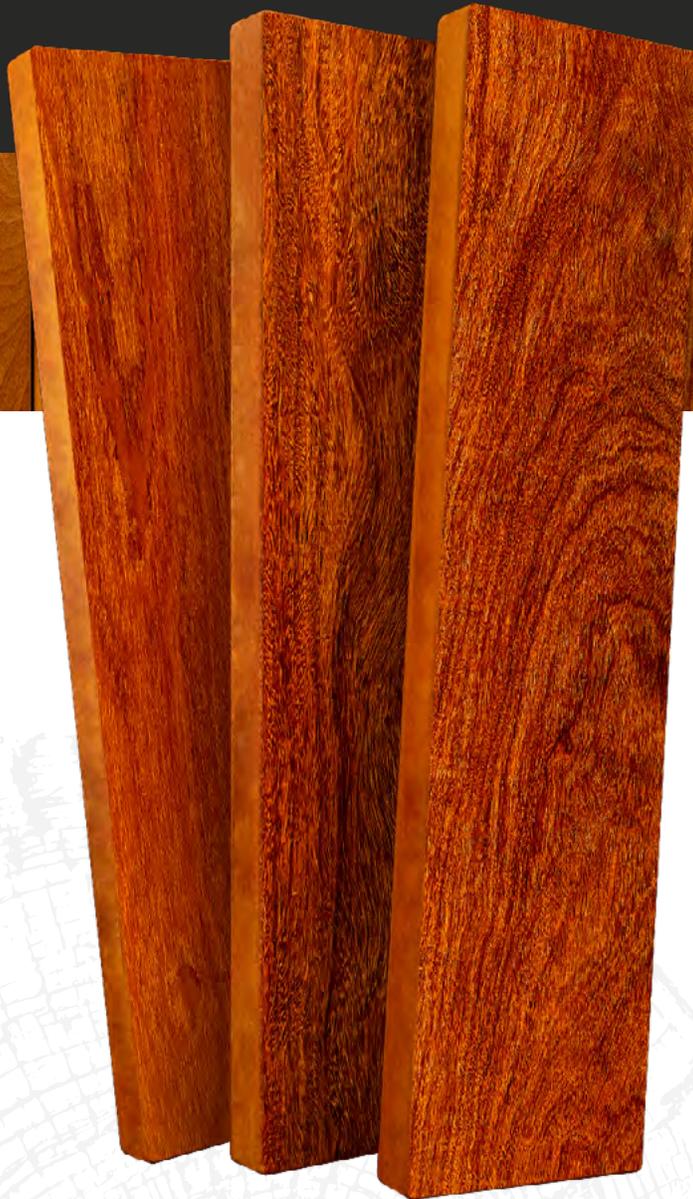

OUR SIGNATURE SPECIES

IPE

/ The king of hardwoods

There's no Ipe like Black Label Ipe. Harvested from sustainably managed forests and certified by either FSC® or Unifloresta, our Ipe is 100% organic and has an impressive lifespan of up to 75 years. It's what the industry has been trying to match for years using chemicals and toxic additives, with no success. Some things can only be made by nature. Here's the proof.

BULLETWOOD

/ Beauty meets unmatched durability

With unsurpassed resistance to weathering, BulletWood (also known as Massaranduba) stands out as the ideal choice for outdoor decking. Harder than Ipe, its heartwood consists of a varying reddish-brown color that may darken over time.

CUMARU

/ Elite grain for elite taste

An exceptional hardwood with endless qualities, Cumaru is considered one of the best species of lumber for exterior home renovation projects. Its strength also makes it a preferred wood for flooring, cabinetry, furniture, and more.

GARAPA

/ Nature's golden treasure

Garapa is a majestic wood that doesn't require constant chemical treatments or maintenance to withstand mold and decay. Its characteristic tone changes from pale yellow to a golden brown when exposed to sunlight, elevating modern architectural works and bringing elegance to any space.

**GREAT

TIGERWOOD

/ The finest stripes

Aptly named for its golden-brown hues that contrast with dark brown streaks, Tigerwood is one of the densest exotic hardwoods on the market, combining a signature feel with a unique look that brings the rainforest to any project.

TIME GOES BY, BEAUTY REMAINS

KEEPING THE ORIGINAL COLORS

OIL APPLIED

NATURAL EXPOSURE TO WEATHER

ASTOUNDING HIGHLIGHTS

HOW BLACK LABEL™ WOODS ENDURE WEATHER

Black Label™ only reflects its aging as you choose. Left unfinished, it does not require great care. Moisture and UV rays will oxidize Black Label™ woods from their rich, natural colors to a silver-gray patina in a matter of months.

To keep your wood's original colors, an annual cleaning with Black Label™ Professional Grade Deck Cleaner and an application of Black Label™ Professional Grade Ipe+ Marine Oil is enough.

Finished or left to weather naturally, the organic beauty of Black Label™ shines through.
